The great feasts of Ancient Camelot were storied far and wide. And no feast was more fabulous than the legendary Pizza of the Round Table.

Then, as now, each pizza featured herbs, spices, fine natural cheeses, good lean meats and carefully-selected fresh vegetables, all baked on a fresh-rolled crust.

Then, as now, you could choose either the familiar Original Thin Crust Pizza or the recently rediscovered Thick Crust Pizza, especially favored by knights who worked up an appetite out rescuing maidens in the far provinces.

And then, as now, these pizzas were made with just the right touch of magic. In those days, the magic came from Merlin and his apprentices. Today, it comes from the wizardry of the chefs of the Round Table, who combine the special ingredients into a pizza that's every bit as magical.
